Dear Madame/Sir,

For Bosch Packaging Technology, sustainability is a top priority. Protecting our natural resources and reducing the consumption of packaging materials are two of the most important challenges facing us.

You can read all about how we are tackling this and other topics in the new edition of **pack insights**.

We hope you enjoy it.  
Your **pack insights** editorial team

## > Food & Confectionery

### „We are able to run twice as fast as before”
